

EDE UNIFORM WASHING INSTRUCTIONS

For Basketball Cheer Uniforms

It is very important that you follow the care instructions from our uniform supplier:

Whatever you do, do NOT wash your uniform with your spankies or anything else. You will turn the white parts pink and will have to buy a new uniform because there is no way to get the pink out.

THE FIRST WASH - wash before the first wear!

- wash each item separately
- use cold water only
- if you don't wash before the first wear, perspiration may cause color bleeding.

AFTER THE FIRST WASH

- for all washings, select a gentle cycle and use a mild, color-care detergent
- turn garments inside out
- avoid using fabric softeners
- do not wash your uniform pieces with any other clothing items, especially spankies. Doing so could cause colors to bleed, fade, or alter, and may damage custom tackle twill

DRYING

- never let damp apparel sit in the washing machine
- remove uniform immediately after the washing cycle ends to avoid color bleeding and wrinkling
- **LINE DRY ONLY**, in the shade, or inside, to prevent color fading

DO NOT use bleach

Do not wring

Do not dry clean

Do not tumble dry

Do not wash in hot water

Do not iron
